- Worked as a frontend Developer in EaseAcademy (React Native App). I designed the UI, implement routing and basic functionality in App.
- Designed Landing page of Chamber Media

## PROJECTS

### Ease Academy

#### React Native

EaseAcademy is an educational mobile App. It acts as a third party and join students with teachers.

- It is a Team Based Project.
- I worked as a Frontend Developer.
- I designed the UI of the whole App.
- I implemented routing ( Stack Navigation, Tab Navigation and Drawer Navigation) in this App.
- I implemented basic functionalities of the App.

### Metro Islamabad

#### React Native

Metro Islamabad shows the metro Stations of Islamabad.It shows the simulation of buses between these stations.

- It is a solo Project that I did for one of my client.
- In this project I used google map services like Google Map and Google Map Directions.

### Social Welfare

#### React JS

Social Welfare acts as a third party which takes donations from the donars and give that donations to Needy. It also builds a direct connection between donars and the needies.

- It is a team based project.
- I resolved the issues related to routing, forms and responsiveness.

### Boffin Study Hub

#### HTML, CSS, JS, Firebase

Boffin Study Hub is a website of a coaching center situated in Karachi.

- It is a solo Project.
- This application has only one functionality. Student can submit form. All the forms submitted by the students can be seen in admin side.

### Chamber Media

#### HTML, CSS, JS

Chamber.Media is the leading social media advertising agency dedicated to ad creatives.They are based in Utah and have generated \$800 million dollars.

- It is a team based project.
- We redesign two landing pages for Chamber Media.
